To whom it may concern:

You have requested a Material Safety Data Sheet from us for Pressure Sensitive Tape sold to you under the federal requirements that deal with the movement of chemicals manufactured or imported into the United States and require the protection of Material Safety Data Sheets (MSDS) for employees handling hazardous material.

Venture Tape Corporation is not a "chemical manufacturer" under the terms of the code and, as such, produces no chemicals for which an MSDS is required. Venture Tape does manufacture tapes and tape products. According to CFR Title 29-1910.1200 (5) (v) & (6) (xii) (c), such products are considered exempt from the notice requirements since they do not release or otherwise result in exposure to a hazardous chemical under normal conditions of use.

As a result, no MSDS's are required for products manufactured by Venture Tape. If you have any questions or need any additional information please contact me at extension 202.

Sincerely, .
